

# SSO INTEGRATION WITH JSM CLOUD

Geared Towards External/Portal Only Customers

Unlock a hassle-free login process with our SAML/OAuth for JSM Customers (JSM Cloud). No more login frustrations—just smooth access for your customers every time.

## Our App Offers:

- ✓ **Multiple IDP & SSO Protocol Support:** Easily connect with multiple IDPs and SSO protocols, including SAML and OAuth, ensuring compatibility across all platforms.
- ✓ **Direct Access Control:** Secure portal access by restricting login permissions based on customer domains, organizations, and IDP groups.
- ✓ **JSM-Group Mapping:** Easily map JSM organizations to IDP groups for streamlined access management.
- ✓ **Automated Group Import:** Skip manual work—import your IDP groups directly into JSM organizations via CSV.
- ✓ **UI Theme Support:** Customize your customer portal with UI themes to deliver a personalized experience.
- ✓ **Streamlined Support Experience:** Enhance your customer support by offering a straightforward and efficient solution for access management.

# LDAP CONNECTOR

Easily connect your local LDAP/Active Directory to your Atlassian Cloud instance for seamless user management.

## Our App Offers:

- ✓ **LDAP Provisioning:** Automatically provision LDAP/AD users and custom attributes to Jira, Confluence, and Bitbucket with ease.
- ✓ **Multiple IDP Connections:** Configure and sync multiple IDPs in UserSync for continuous, uninterrupted synchronization.
- ✓ **Real-Time Provisioning:** Experience real-time user and group provisioning, surpassing traditional just-in-time (JIT) sync.

# OAuth/OIDC Single Sign-On for Cloud

Integrate your Atlassian Cloud with any OAuth/OIDC provider using miniOrange's OAuth/OIDC SSO app, enhancing security and improving productivity.

## Our App Offers:

- ✓ **Flexible Integration:** Seamlessly integrate well-known or custom-built OAuth/OIDC providers.
- ✓ **Enhanced Security:** Add an extra layer of security with MFA on top of OAuth SSO.
- ✓ **Data Formatting:** Automatically format user data from OAuth providers into a format that Atlassian Cloud recognizes.

## ABOUT US

### Security Experts Trusted by 25,000+ Organizations Worldwide

miniOrange stands at the forefront of Atlassian security, delivering Single Sign-On (SSO), Multi-Factor Authentication (MFA), and User Management solutions. Be it Data Center or Cloud, our apps secure Atlassian with seamless SAML and OAuth integration for ease of use and top-tier security.
